Our vision

Young people are empowered to build bright futures, whatever their background or circumstances.

Our Mission

Access to appropriate, high quality services for young people.

Our Goals

- Young people can access support in their local community
- Young people become motivated, self-aware, receptive, resilient, responsible, confident and good communicators
- Young people can engage with training, volunteering and employment

Our Values

Treat all young people as unique - being non-judgemental, inclusive and empowering. Raise confidence and self-esteem, passing on the values of respect and tolerance in the multi-cultural society in which we work.

Our Model

1: Understand and build on the strengths and needs of young people
2: Offer support and advice to young people in need
3: Run vital skills development programmes for young people
4: Measure impact and share learnings
5: Prioritise services for young people
